VENUE: arc Yinnar

AUTUMN GARDEN PRINT PROJECT

Where the botanical and the creative arts meet!

Artists, gardeners & local residents are invited to 'Come and Play All of May' by making Nature Prints with Jenny Peterson in the Print room at arc Yinnar. There will be 4 Printing Workshops that people can attend with their prepared specimens and the other days are Open Studio days for visitors to the project, visit the studio and exhibition spaces and the Yinnar Community Garden.

Nature Printing is a very old technique working directly with plants and ink. The finished prints on paper will be displayed as they are made along the central walkway at arc. This pop-up installation will be complete and ready to launch alongside the related exhibitions *Botanica* in Gallery arc and SParc on Sat 19 May 2 to 4pm.

The pop-up installation will remain in place till the end of May and the printers may remove their own work.

Nature Printing Workshop dates in May are: Wednesday 9, Friday 11, Sunday 13, and Wednesday 16 May.

Morning and afternoon sessions offered.

For all enquiries and bookings phone Jenny on 0427 090545 or email jennypeterson50@gmail.com

Nature print, 1784, from the library of the Botanical Gardens in Padua, Italy.
